

Tech Floor raised floor with Alder Laminate surface finish at Port Huron P.D.

" We are extremely pleased with the Bergvik Tech Floor for our newly remodeled dispatch center. The Alder Laminate floor replaced a carpet tile floor and we find the floor to be stable, easy to clean, and it has an excellent appearance. Many of our dispatchers have allergies and this unique flooring has eliminated many problems that we had in the past."

Melinda Strang,
Communications Supervisor,
Port Huron Police Dept., MI

Before...

... and after

Existing floor structure is kept intact.

New rubber lining is glued to the structure.

The new Bergvik floor and Watson Dispatch consoles.
